Extract from SECRET Memo. dtd 23 Sept 52 to [] Acting
Chief, A&E, from [] Chief, Assessment Branch,
Subj: "Resignation from Employment with the Agency"

"3. During the entire period of my employment here (under your supervision in my present position since 7 July 1952 and prior to that time under the supervision of [] it has been clear, at least to me, that the kind of job needed to be done in this branch of the Division could not and cannot be accomplished with the organizational structure and the personnel on duty in the past, present or foreseeable future. This inability to get the job done and more serious inability to develop any immediate hope of accomplishing the task leads me to conclude that in my present position with the Agency I am neither serving the best interests of my country nor myself."
